

WFDF Board of Directors Elections (2016-2017 term)

Candidate Statement Caroline Malone

I ask for your support to become Director at Large so that I can continue to promote Disc sports globally but particularly in Asia and Africa. As President and Development Director for the Ultimate Players Association of Qatar I've helped launch beach frisbee for the UPAQ. Qatar went to the World Beach Championships for the first time in 2014.

As an international frisbee player I've represented Open and Mixed teams, and played Women's tour in the UK. I've also had the good fortune to play socially across the world from Indonesia, to Wales and Tanzania where I've seen the same positive spirit and inclusive attitude bringing people together.

I've been a producer and reporter for international news broadcasters for 13 years. These combined experiences lead me to believe that disc sports can contribute even more to promoting gender equality and supporting human rights.

Caroline "Caz" Malone
