

WFDF Elections (2020-2021 term)

**Candidate Statement Shiellah Quintos**

The last 2 years being the Events Subcommittee Chair has taught me a lot about how different and how the same we all are.

We have the same goal to run events as smoothly as possible, make it safe for everyone and have lots of fun. By the same token, our approach to accomplish these goals come by different roads.

If I'm elected chair again, knowing what I know now, I would engage more people in the review process to help make WFDF events even better.

It's a tough challenge but I'm up for it!
